Caledonia, IL. 61011  
Re: 7910 Hidden Creek Ln

John,

For the last six years Laurie and I have been looking at a wide range of home builders in the Rockford area, especially those that have been part of the Parade of Homes, since this allowed each builder to showcase their best designs. The decision for choosing a builder wasn't taken lightly by me, since there are a wide variety of price ranges and styles of homes.

Each time we toured the Hamaker Parade house, the **style, craftsmanship, and beauty** stood out from the rest of the group. After last years parade when we spoke about envisioned possibilities for our new home, the end result was better than Laurie and I imagined.

We were impressed by the professional demeanor and skills of your entire team that made this process inspiring and fun. Please give a special thanks from us to the following members of your team; Kevin and Derrick Carpenter (Carpentry), Jim Lapuc (Electrical), Angie Farmer (Ferguson), Rick George and Bryan Bennett (Lonnie's), Carrie Ann (Rosewood).

In these economic times everyone feels a little uneasy about spending money, but you put our minds at rest even when it came to a large purchase such as building a house. All the extra work and effort you put into get the best pricing and delivery on all elements that made up our new house did not go unnoticed, and we would like to express our thanks for helping us to keep our budget inline. Additionally, we appreciated having you and your team working with us on the heated flooring in the greatroom and developing a solution for this area, even when an answer wasn't readily apparent, this was something not many builders would have followed through on.

John in closing, I viewed the building of our home as a journey, it starts as a group of ideas, wants, and wishes, and the journey is completed when you hand us the keys to our new home. Laurie and I would not have had as much fun or wanted to take this journey with anyone else but you.

Sincerely,

Greg Zawislak
